What our couples are saying...

Hemalika & Frantz

"I was looking for a venue that had both beautiful outside grounds and a beautiful interior. Birchwood's outside ceremony area is unmatched in Northern New Jersey, that was the first part that had us in awe when we first toured. Then we saw the Grand Ballroom and we knew we found our wedding venue. We can't thank Birchwood Manor enough for making our special night magical."

"I cannot express enough the wonderful experience my husband and I had at Birchwood Manor for our multicultural wedding! The venue is beautiful! Our guests commented on the charming and elegant décor, as well as the breathtaking outdoor landscaping. We really felt like winners finding a venue that was beautiful both indoors and outdoors!"
